

Arizona Early Intervention Program

Public Education Agency (PEA) Notification/Referral

The Arizona Early Intervention Program (AzEIP) is required to notify your family's district of residence that your child is nearing the age of three and is potentially eligible for preschool special education services (unless you have opted out in writing). The PEA Notification must include your child's name, date of birth, and your name, address, and telephone number. Upon receiving this PEA Notification your district of residence must consider it as an initial referral to determine eligibility for preschool special education services.

Date of PEA Notification/Referral: _____

Child's Information			
Child's Full Name (Last, First, Middle)	Date of Birth	Date of Referral to AzEIP
